I want to start out by thanking everyone for honoring the Comanche County burn ban. Due to the lack of precipitation and the continuing hot and dry conditions, this move was made to benefit everyone.

This week, road crews will be chipping Bishop Road and 75th Street, while working east. The crews will also work towards chipping Devine, Woodlawn and Tinney Roads.

Please exercise caution while traveling these roads and use a detour if at all possible.

We will continue to keep you posted on current road construction.
