

The recent cold weather has slowed down some of the process on the roads in District 1; however, despite the weather, crews will be out working this week in two areas.

Road crews will be working on Mountain View, preparing to begin the chipping process, weather permitting.

Work will also continue on Whitfield Road. Last week, crews recycled and chipped a number of areas. This week, they will attempt an asphalt overlay on certain areas, again, only if the weather permits.

Thank you for your patience and please pay attention to signs and workers in the road. Be safe!
